- Allocation of motorcycles and special model wishes are made according to the order of rental deposits received by Bosenberg. Please list alternate model choices on your rental application. There are a limited number of motorcycles for each model and class. Your make and model is confirmed with your rental reservation invoice. Models are current season renewed each year.
- Many models do not have windshields (dealer variation) unless originally installed by the manufacturer as a model standard feature. Some cruiser models are equipped with sissy bars for passenger back support.
- BMW models are equipped with BMW hard side-cases. Honda models are equipped with hard side-cases (Pan European, Gold Wing, VFR etc.), leather side bags (Shadow, etc.) or soft side bags and/or roll bags (CBR 600 etc.) which varies from model to model per the manufacturer's originally outfitted OEM model features. Ducati models are equipped with soft side bags and/or roll bags. Sport models are with soft side bags and/or roll bags, but some equipped with hard side-cases (dealer variation). Cruisers are equipped with leather side-bags unless model is originally outfitted with hard side-cases. Most sport-tour models are outfitted with hard side-cases (BMW F 800 ST, etc.). Cruisers normally have a sissy bar or passenger back rest.
- Bosenberg realizes riders come in different sizes and prefer different makes and models. As a guideline only, recommended size match between you and your mount:  
500-700cc or sport class for solo riders  
701-900cc for solo riders or with co-rider (combined weight < 300 lbs.)  
over 900cc for solo riders or with co-rider (combined weight > 300 lbs.)
- Our models are manufactured for the European market and may differ slightly in specifications from your local home market. Models may also exist under another name in Europe or may not be offered in your local home market at all. If you need additional information to make an informed decision as to your model selections, please visit a local dealer.
  - Some dealers offer a Garmin Zumo 550 or 660, TomTom Rider or BMW Navigator GPS unit rental with European maps, English menu and instructions for US\$ 19 per day. If available, the GPS unit rental is pre-wired and pre-installed on your bike. Rental also includes a 15 minute instruction on its use and numerous features upon arrival.
