See the grand castle and visit the Altstadt (Old City). Your tour is almost over as you mount your steed one last time, ride the cobblestone streets and enter the Autobahn for a short and fast ride towards Frankfurt/Main.

Cross over into Switzerland. If you like, visit Bettwil with the museum and garage of Fritz Egli, a well-known engine tuner and frame constructor. Savor the quiet lapping waters of the Vierwaldstaetter See and its crowned jewel of Lucerne.

Explore the wood-carvers village of Brienz. How about scaling heights with the Brienz Rothorn Bahn on a steam powered cog-gear train for an incredible Alpine view? Or why not greet the Swiss passes Susten, Grimsel and Furka? The peaks and valleys seem to call out your name as you challenge them.
